

Tenant satisfaction measures results 2024/5

The Regulator of Social Housing requires all registered providers to generate and report Tenant Satisfaction measures as part of the Consumer Standards framework.

These are a core set of defined measures to help tenants see how well their landlord is performing. Each year we will undertake a survey with our tenants to ask about their perception of our services, and we will use this information to make improvements.

The measures are aimed at helping improve standards for people living in social housing, by;

- Providing visibility, letting tenants see how well their landlord is doing, and letting tenants hold their landlord to account
- Giving the regulator insight into which landlords might need to improve things for their tenants

You can find more information about the Tenant Satisfaction Measures and how they affect you, here; <https://www.gov.uk/government/collections/regulatory-standards-for-landlords>

There are four consumer standards including;

- The safety and quality standard
- The transparency, influence and accountability standard
- The neighbourhood and community standard
- The tenancy standard

The results of our tenant satisfaction measure questionnaire can be seen below;

Tenant Satisfaction Measure indicator	Satisfied in 2024/5
TP01 Overall satisfaction	81%
TP02 Satisfaction with repairs <i>59 had a repair completed in the last 12 months</i>	68%
